TECHNOLOGY TOOLS FOR EDUCATORS: HOW TO BE A MODERN AND INNOVATIVE TEACHER

This course is designed to give teachers and educators an inside look and instructions surrounding the latest education technologies and innovations. This course's aims will be to explore the best practices of using technology in the classroom, and discuss ways to increase student achievement by utilizing different freely available applications. We will be creating a digital notebook to enhance our productivity and classroom organisation. Give tips on designing better assignments and friendly worksheets students. Dive into various social networks which can help classroom management and collaboration between students and teachers, learn how to create quickly a classroom website, help manage classroom assignments, grading and much more.

CULTURAL EXPERIENCE

- A multicultural and diverse experience
- Rich cultural program
- Visits to schools
- Nicosia City Walk & Bicycle tours

POSSIBILITIES FOR FUNDING

- Schools, organisations, non-governmental organisations (NGOs) can apply for staff mobility funding to support the professional development
